

PHOENIX STEERING COMMITTEE DISCLOSURES

DISCLOSURE STATEMENT

The France Foundation relies upon faculty members to provide educational information in a manner that is objective and free from bias. In compliance with the Accreditation Council for Continuing Medical Education's (ACCME) Standards for Commercial Support, all faculty members are required to disclose any conflicts of interest related to the context of their participation in a CME activity. Faculty members have disclosed the following relationships with commercial interests:

Maria H. Sjogren, MD, MPH, has served as a consultant and/or speaker for InterMune and Schering-Plough.

Bruce R. Bacon, MD, has served as a consultant, on speakers bureaus, and/or on advisory boards for Akros Pharma Inc, Amgen, Bayer Diagnostics, Coley Pharmaceutical Group, GeneTrol Biotherapeutics, Maxim Pharmaceuticals, Metaphore Pharmaceuticals, Novartis, Schering-Plough, and Serono, Inc. He has received research support from Akros Pharma Inc, Amgen, Bristol-Myers Squibb, Gilead Sciences, GlaxoSmithKline, Roche Laboratories, and Schering-Plough.

Scott Cotler, MD, has served as a consultant and/or on speakers bureaus for InterMune and Roche Laboratories.
